**ANJAN SARKAR**  
ASSOCIATE PRINCIPAL

Anjan Sarkar joined CD+M in 2006, focusing on academic, corporate, healthcare, ecclesiastic and mixed-use projects. Contributing a vast knowledge of design principles, technologies and sustainability practices, he works closely with clients to develop aesthetically pleasing and sustainable architectural spaces. Mr. Sarkar also holds a Bachelors degree in Architecture with practice in the field for 6 years, and a Masters degree in Engineering of Lighting and Electrical systems. Mr.Sarkar is a LEED® Accredited Professional and an Associate Member of the Illuminating Engineering Society of North America. He has been a speaker at Lightfair®, as well as numerous USGBC and IESNA forums, and serves on the boards of several IESNA Committees.

**COURTNEY MARK**  
SENIOR ASSOCIATE

Based out of CD+M Dubai, Senior Associate, Courtney Mark contributes extensive knowledge and experience in international hospitality design to the CD+M team. Ms. Mark’s passion for the interaction between light and shadow as well as her sensitivity to the social aspect of space enable her to develop versatile, intentional architectural lighting designs. Over the past 12 years, she has played a leading role in the design, management and construction of many high profile and award winning projects spanning North America, Central America and Asian markets. Shifting her primary focus to hospitality lighting design in 2007, Ms. Mark has collaborated on projects in a range of markets throughout her career including landscape, master planning, city beautification, commercial and high-end residential. Prior to joining CD+M, Ms. Mark held a Senior Designer position with Reveal Design Group for two years and spent eight years as a Senior Designer and Associate with AWA Lighting Designers, leading the firm’s newest international design studio in New Delhi, India. Her work is frequently published in trade publications across the globe.

## VIVIANNE VIANNA

SENIOR ASSOCIATE

Vivianne started her 15 year+ career as a lighting designer in New York after receiving her degree in Architecture in Brazil. She has a thorough understanding of the nature of light and how it impacts environments and the people who inhabit them. She approaches each project open to the possibilities of developing unique lighting solutions and has worked across a wide selection of interiors from Healthcare, Retail, Commercial, Corporate and Residential projects in which she has participated. She works closely with other team members, in all stages of a project, from preliminary layout to the final job site visit, lending her technical skills to help chart a design's success. She was an architect prior moving to the US, and continued her education focusing on interiors and lighting design before joining CD+M in 2014.

## WALEED FAKOUSA SENIOR ASSOCIATE

Waleed joined the Dubai office of CD+M in 2012. Mr. Fakousa has extensive experience collaborating with renowned architects and designers on high-profile projects around the globe. Prior to joining CD+M, he received a BA in Architectural Engineering and Building Technology and a Masters in Architectural Lighting Design from the University of Wismar, Germany.

Waleed assisted our Dubai office in several projects to be nominated and win the Middle East Lighting Design Awards 2014 & 2016 in two categories. He currently runs lighting design workshops at leading design firms to raise the awareness of the importance of lighting design in the various markets segments. He has also been awarded the 40Under40 recognition by LUX magazine during Lighting Design awards 2016 in London, UK.

Professionally, Mr. Fakousa spent several years as a lighting designer with one of Germany’s foremost lighting design firms and worked for an industry leading architecture office in Cairo, Egypt. His proven expertise, attention to detail and feasibility and concern for human wellbeing enable him to successfully manage a variety of project types, sizes, locations and demands from inception to realization.
