

Lighting Design Group

## SELECTED PROJECT EXPERIENCE AQUARIA AND AQUATIC SHOWS

CD+M Lighting Design Group is an international lighting design consultancy comprised of designers whose work encompasses a variety of markets. Our award-winning design team has extensive experience creating innovative custom lighting plans to enhance architectural environments. Our clients include leading architects, interior designers and developers in more than 20 countries worldwide.

With staff in the US, UAE, UK and PRC, our designers are fluent in multiple languages, maintain close ties to global manufacturers and suppliers and have an excellent understanding of how to integrate lighting into both architecture and landscaping.

### GEORGIA AQUARIUM, ATLANTA, GA

Ted Ferreira consulted with program manager Heery International and concept designer Gary Goddard Enterprises to design and program specialty lighting for the Georgia Aquarium's 4D theatre show, lantern wall, plaza, dolphin exhibit and ballroom ceiling. Conceptual lighting design of the facility was provided by Quentin Thomas and Exhibit Lighting was provided by Fisher Marantz Stone & Associates. The project was awarded a 2007 Lumen East award for the Exhibit lighting and a 2007 IIDA Award of Merit in Lighting Design.

### MISTIFY SPECTACULAR – SEAWORLD, ORLANDO, FL

The Mistify Nighttime Spectacular was a multimedia fantasy experience of film and water-themed special effects that unfolds in the lagoon just offshore from the Waterfront at Seaworld Orlando. 30 M tall walls of water serve as projection screens on which video projections of dancing whales, erupting undersea volcanos and ocean storms serve as a backdrop for flame cannons, fireworks and water fountains. CD+M provided lighting design and programming for this popular show, which received a 2006 IIDA Award of Merit in Lighting Design.

### DUBAI AQUARIUM, DUBAI, UAE

Among the newest attractions in one of the world's fastest growing cities, the Dubai Aquarium delights visitors with close-up views of ocean life. Over 33,000 sea creatures can be spotted through the aquarium's breathtaking viewing window - the largest in the world - and 40 M long transparent, underwater tunnel. The Aquarium is a leading destination in the expansive Dubai Mall. The project was awarded a 2009 IIDA Award of Merit in Lighting Design.
