

Lighting Design Group

SELECTED PROJECT EXPERIENCE

COMMERCIAL - SUPER TALL

CD+M Lighting Design Group is an international lighting design consultancy comprised of designers whose work encompasses a variety of markets. Our award-winning design team has extensive experience creating innovative custom lighting plans to enhance architectural environments. Our clients include leading architects, interior designers and developers in more than 20 countries worldwide.

With staff in the US, UAE, UK and PRC, our designers are fluent in multiple languages, maintain close ties to global manufacturers and suppliers and have an excellent understanding of how to integrate lighting into both architecture and landscaping.

POLY SHUNDE CBD, FOSHAN, PRC

The Poly Group has taken undertaken the task of creating a new, Central Business District (CBD), in the city of Foshan, in the Guangdong Province, and has commissioned CD+M to assist in the master planning of lighting design for the architectural facades across 5 distinct parcels of land. A total of 1.1 million SM of GFA, building types vary from mid-rise office towers to a super tower, an Intercontinental Hotel, dozens of residential apartment towers, and a sprawling, high-end shopping mall. CD+M is also providing interior lighting design of the office towers and the Intercontinental Hotel. CD+M has worked closely and diligently with all six world-recognized architectural consultants, as well as the HK-based interior design firm leading the Intercontinental project.

SEOUL INTERNATIONAL FINANCIAL CENTER, SEOUL, KOR

The US\$2.2B Seoul International Financial Center is a 5.4 million SF mixed-use development comprised of three Class A office towers, a Conrad Hilton hotel and a 50,000 SM. subterranean shopping mall. The mall also features a cineplex, 35 restaurants and nearly 100 stores. CD+M provided architectural lighting design of the contemporary plaza, soaring facades, office lobbies and mall interiors. IFC Mall was built under a glass pavilion aimed at showcasing natural light on all three lower level floors and the outdoor plaza features a grassy lawn and seasonal exhibitions by artists and sculptors.

PRINCE PLAZA, SHENZHEN, PRC

Shekou, developed as an industrial area in the 1970s to drive the economy of Shenzhen, has witnessed the transformation of the city from an industrial port into a financial and cultural hub. In search of a new position in Shenzhen's latest wave of development, Shekou does not aim to become another CBD like Futian, Qianhai and Houhai, but a unique area with a juxtaposition of old industrial buildings converted into offices for creative industries, and new shopping malls and international offices. Designed by OMA and Benoy for China Merchants Group, Prince Plaza will include 106,500m²+ of office and retail space.
