

Lighting Design Group

SELECTED PROJECT EXPERIENCE HEALTHCARE - MIDDLE EAST

CD+M Lighting Design Group is an international lighting design consultancy comprised of designers whose work encompasses a variety of markets. Our award-winning design team has extensive experience creating innovative custom lighting plans to enhance architectural environments. Our clients include leading architects, interior designers and developers in more than 20 countries worldwide.

With staff in the US, UAE, UK and PRC, our designers are fluent in multiple languages, maintain close ties to global manufacturers and suppliers and have an excellent understanding of how to integrate lighting into both architecture and landscaping.

SHEIKH SHAKHBOUT MEDICAL CITY, ABU DHABI, UAE

Sheikh Shakhbout Medical City, scheduled to open in 2017, is situated on a prominent site in Abu Dhabi in close proximity to the future Abu Dhabi Central Business District. The unique 300,000 SM 745-bed facility features four prominent patient towers styled using bold, contemporary design elements, reflecting the state-of-the-art healthcare taking place within. CD+M provided comprehensive lighting services for the public and front of house spaces, as well as exterior site, landscape and façade lighting.

NGHA SPECIALTY WOMEN'S HOSPITAL, JEDDAH, KSA

Set in Riyadh within the existing medical campus for the National Guard, the site for the Specialty Women's Hospital is adjacent to and attached to the existing Children's Specialty Hospital. This 810,000 SF 300 bed facility accommodates the full spectrum of birthing, maternity and GYN clinical services, reproductive health services, gynecological care, and education. CD+M was involved in the lighting of the façade, landscape and public interior spaces.

VALIANT CLINIC, DUBAI, UAE

Developed and owned by Meraas as part of its newly established healthcare division, the outpatient clinic will offer comprehensive diagnostic and wellness services with a focus on preventive care. Spread across 15,000 SM Valiant Clinic will incorporate state-of-the-art technology allowing integration across platforms such as wearable technology and mobile applications. CD+M worked together with Aedas on the clinic's interior public and front of house areas, and exterior facade, landscape and site lighting.
