

Lighting Design Group

SELECTED PROJECT EXPERIENCE NIGHTCLUBS

CD+M Lighting Design Group is an international lighting design consultancy comprised of designers whose work encompasses a variety of markets. Our award-winning design team has extensive experience creating innovative custom lighting plans to enhance architectural environments. Our clients include leading architects, interior designers and developers in more than 20 countries worldwide.

With staff in the US, UAE, UK and PRC, our designers are fluent in multiple languages, maintain close ties to global manufacturers and suppliers and have an excellent understanding of how to integrate lighting into both architecture and landscaping.

HOUSE OF BLUES, DALLAS, TX

Housed in the historic White Swan Building, downtown Dallas' House of Blues venue is an anchor in the 75 acre, \$3 billion Victory Park urban development area. The club features a 1,625 seat music hall, 400 person capacity restaurant and exclusive membership lounge complete with an entertainment and fine dining space. The Dallas location marks CD+M's eighth House of Blues design with completed venues in Atlantic City, Cleveland and San Diego.

MINT, SHANGHAI, PRC

An exclusive members club residing in the top floor of a high-rise in downtown Shanghai, adjacent to the Bund, MINT Club is a multi-function, high-end F&B and entertainment venue. CD+M was employed by MINT to help create a dramatic and endearing vision suitable for the Client's regular, taste-driven clientele. CD+M fully embraced the venue's calling, and designed a system using combinations of narrow beam spotlights, rich and warm sources, and gentle washes of light, enriching the environment and bringing added value and substance to this star-studded Shanghai hotspot.

HARD ROCK CAFE, LOCATIONS WORLDWIDE

Founded in 1971 in London, Hard Rock has amassed one of the largest collections of rock and roll memorabilia in the world and has nearly 200 locations worldwide in over 50 countries. Hard Rock International and design architect Gensler employed CD+M to provide lighting design services in the remodel of nearly a dozen venues worldwide including selected sites in Waikiki, Las Vegas, Seattle and Prague, which is considered the largest Hard Rock Café in Europe. The fanciful, ethereal LED guitar chandelier which floats directly over the cocktail bar in Prague received a 2010 IESNA Special Citation Award in Lighting Design.
