

Lighting Design Group

SELECTED PROJECT EXPERIENCE RETAIL CENTERS - TOWN CENTER

CD+M Lighting Design Group is an international lighting design consultancy comprised of designers whose work encompasses a variety of markets. Our award-winning design team has extensive experience creating innovative custom lighting plans to enhance architectural environments. Our clients include leading architects, interior designers and developers in more than 20 countries worldwide.

With staff in the US, UAE, UK and PRC, our designers are fluent in multiple languages, maintain close ties to global manufacturers and suppliers and have an excellent understanding of how to integrate lighting into both architecture and landscaping.

GLoucester Premium Outlets, Blackwood, NJ

With a nearly 400,000 SF, this open-air outlet center is home to nearly 90 retailers, with design inspired by colonial revival architecture, a classic New England town square. At the center of the mall is 6,000 SF of green space with artificial grass. This expansive front lawn is a key place-making aspect of the center, providing green space for unlimited community and complex-hosted events. The square features open seating, benches, a fountain, fire pit, and food kiosks.

THE AVENUE, Viera, FL, Collierville, TN & West Cobb, GA

The Avenue is an open-air retail, dining and entertainment concept with eight locations throughout the Southeast. The mixed-use destinations appeal to locals and tourists alike, offering visitors a range of renowned national retailers, signature locally owned boutiques and specialty restaurants. Pedestrian-friendly, brightly lit grounds encourage guests to explore its many comfortable seating areas, playgrounds and water features. Each development is the ideal site for hosting monthly cultural and entertainment happenings, and movie screenings, children’s game days and a variety of fashion events are regular occurrences at The Avenue.

THE PROMENADE, Bolingbrook, IL

Located in a small village south of Chicago, The Promenade Bolingbrook is a vibrant main street and life style center that has become the area’s pedestrian-friendly gathering place for shopping, dining, and entertainment. With over 1 million square feet of shopping, dining and office space, the project achieved LEED Certification in 2007.
