

Lighting Design Group

SELECTED PROJECT EXPERIENCE RETAIL MALLS - AMERICAS

CD+M Lighting Design Group is an international lighting design consultancy comprised of designers whose work encompasses a variety of markets. Our award-winning design team has extensive experience creating innovative custom lighting plans to enhance architectural environments. Our clients include leading architects, interior designers and developers in more than 20 countries worldwide.

With staff in the US, UAE, UK and PRC, our designers are fluent in multiple languages, maintain close ties to global manufacturers and suppliers and have an excellent understanding of how to integrate lighting into both architecture and landscaping.

PONCE CITY MARKET, ATLANTA GA

Opened in 2014, Ponce City Market is a two million SF, LEED Gold development transforming Atlanta's landmark Sears Roebuck & Co. building into a dynamic mixed-use destination. The facility houses a variety of residential, office, dining and retail spaces in a single central locale. Situated in the middle of several thriving neighborhoods, CD+M provided lighting design for the entirety of the project scope including interiors, landscape & site, facades and parking decks.

THE FORUM SHOPS AT CAESAR'S PALACE, LAS VEGAS, NV

CD+M provided lighting design services for The Forum Shops recent 175,000 SF expansion. The three-story addition extended the premier retail development to Las Vegas Boulevard, and welcomes visitors in off the Strip with a new grand pedestrian plaza. Inside, shoppers enjoy an array of upscale boutiques and restaurants as well as a spiral escalator – one of only two in the United States.

CUMBERLAND MALL, ATLANTA, GA

Population growth, increasing income and new competition called for an aesthetic overhaul of Atlanta's Cumberland Mall. Establishing a new street front image was critical to signal the center's major re-imagining. Removal of a vacant anchor allowed for the development of an open-air expansion focusing on a new entrance to center court.
