

Lighting Design Group

SELECTED PROJECT EXPERIENCE THEME PARKS

CD+M Lighting Design Group is an international lighting design consultancy comprised of designers whose work encompasses a variety of markets. Our award-winning design team has extensive experience creating innovative custom lighting plans to enhance architectural environments. Our clients include leading architects, interior designers and developers in more than 20 countries worldwide.

With staff in the US, UAE, UK and PRC, our designers are fluent in multiple languages, maintain close ties to global manufacturers and suppliers and have an excellent understanding of how to integrate lighting into both architecture and landscaping.

FERRARI WORLD, ABU DHABI, UAE

At over 200,000 SM, Ferrari World holds the title of world’s largest indoor theme park. The vibrant facility offers visitors an insider’s glimpse into the luxury, technology and speed that characterizes Ferrari. An exciting mix of themed rides, attractions, retail spaces and restaurants bring the internationally revered automotive brand to life for families and fans of all ages and interests. CD+M’s scope included selected attractions, the iconic architectural facade and overall site lighting including roadways, walkways, landscaping and main entry features.

UNIVERSAL ISLANDS OF ADVENTURE, ORLANDO, FL

Universal Studios Islands of Adventure Theme Park opened in Orlando in 1999 and comprises six themed areas, each containing shops, restaurants and attractions. Inviting its guests to “Live the Adventure,” the park begins with the dramatic Port of Entry, followed by Seuss Landing, the Lost Continent, Jurassic Park, Toon Lagoon and Marvel Superhero Island. Collaborating with a talented team of lighting designers, Ted Ferreira contributed to the design of site lighting, pre-construction, negotiation, and specifications for the parkwide lighting control system, among the most technologically advanced in the world.

LEGOLAND, JOHOR, MALAYSIA

LEGOLAND Malaysia features more than 40 interactive rides, shows and attractions. Spanning an impressive 76 acres, the park is divided into seven themed areas and contains more than 50 million LEGO® bricks, three restaurants, Asia’s largest LEGO® retail store and enormous scale models of some of Asia’s most famous landmarks. CD+M served as overall lighting consultant for the site, building facades, restaurants, retail stores and attractions in this sixth LEGOLAND park in the world and the first of its kind in Asia.
